Subject: New Program Resources Added to the Special Nutrition Program Website

Purpose
To inform Child and Adult Care Food Program (CACFP) contractors that two new program resources have been added to Special Nutrition Programs (SNP) website.

Procedure
SNP has added two new program resources to their website:

• “How to Understand and Use the Nutrition Facts Label” - guidance for CACFP contractors to use nutrition labels to make quick, informed food choices that contribute to a healthy diet. It includes a new approach to the percent daily value, a general guide to calories and help with added sugars.

• Power of Choice – materials for an after-school educational program to guide pre-teens towards a healthier lifestyle by engaging them in skill-based activities that lead to smarter food and physical activity choices in real-life settings.

These two new program resources can be accessed by clicking the “Program Resources” link on the SNP website at: http://www.dhs.state.tx.us/programs/snp/index.html
