POLICY NOTICE

Date: June 12, 2002   Reference #: CACFP DCH 2002-12
To: Child and Adult Care Food Program-Day Care Homes (CACFP-DCH) Sponsors
Subject: Reimbursement Tiering in the CACFP

During the spring and summer of 1999, day care home providers who participate in the CACFP, parents of children cared for by the providers, and sponsoring organizations took part in a United States Department of Agriculture (USDA) survey.

The survey answered questions raised by Congress about the effects of the new meal reimbursement tiering system that was applied to day care homes in July 1997.

Attached is the summary report to Congress on the results of this survey.
