Subject: Iron Fortified Infant Formulas That Do Not Require a Medical Statement

Purpose

This Notice REPLACES Notice CACFP DCH 2006-2, Iron Fortified Infant Formulas that Do Not Require a Medical Statement. This Notice provides the most current listing of iron-fortified infant formulas that do not require a medical statement.

Implementation

Immediately

Procedure

The United States Department of Agriculture (USDA) provides an updated list titled “Iron-fortified Infant Formulas That Do Not Require Medical Statements” that can be found at the following website:
http://www.fns.usda.gov/cnd/Care/Regs-policy/infantmeals/FormulaList.htm

Although a medical statement is not required for the following iron-fortified formulas, you are encouraged to offer the type of formula that the infant’s health care provider has suggested to the infant’s parent (or guardian). If you offer a different type of formula, the infant’s parent may choose to decline the offered formula, and supply another type.

Below is a listing (as of 03/23/2007) of iron-fortified infant formulas that do not require a medical statement.
