Purpose

This Notice RESCINDS Policy Alert CACFP-DCH 2002-12, Revised Food Buying Guide.

Procedure

Team Nutrition Technical Assistance and Support Materials

Special Nutrition Programs (SNP) wants to ensure that all Sponsors and Providers participating in the CACFP have copies of all the Team Nutrition technical assistance and support materials available to them. These items include:

- The *Food Buying Guide for Child Nutrition Programs*, which provides important yield information necessary to ensure Sponsors and Providers are meeting the meal pattern requirements for compliance with the CACFP. To obtain a copy of the *Food Buying Guide for Child Nutrition Programs* contact your Area Program Office (APO) or download by visiting the SNP website at www.snptexas.org and selecting “Program Resources” from the menu on the left hand side of the webpage.

- *Fruit and Vegetable Challenge Packet*, which provides a classroom activity for tracking children’s fruit and vegetable consumption.

- *Fruits and Vegetables Galore: Helping Kids Eat More*, which contains marketing and nutrition education tips contractors can use to encourage children to increase their intake of fruits and vegetables.

Team Nutrition Posters

The following posters can also be ordered from Team Nutrition:

- *Food for a Day*
- *How Much Do You Eat*
- *MyPyramid for Kids Poster* (English and Spanish)
- *Read It! Poster*
- *Sense-ational Food Poster* (Spanish)

Team Nutrition Order Form

Use the attached Team Nutrition Order Form to order the above technical assistance and support materials and posters for use in your day care home.
