**Purpose**

REPLACE Notice CACFP DCH 2009-05, *List of Elementary Schools 2008-2009*

Attached to the electronic copy of this Notice is the list of all schools in the state to be used for making Tier I determinations based on elementary school data. The list is sorted alphabetically by school district and by the name of the individual campus within each district.

This data must be used for making Tier I determinations effective April 1, 2010. When you determine or re-determine a provider’s tier status using elementary school data, you must obtain documentation that verifies that a Tier I provider is located in an eligible elementary school’s attendance area, and that the school or schools are on the attached list.

You may access the list on the TDA website at [www.snptexas.org](http://www.snptexas.org).
