Subject: New Program Resources Added to the Special Nutrition Program Website

Purpose
To inform NSLP/SBP contractors that two new program resources have been added to Special Nutrition Programs (SNP) website.

Procedure
SNP has added two new program resources to their website:

- **“How to Understand and Use the Nutrition Facts Label”** - guidance for NSLP/SBP contractors to use nutrition labels to make quick, informed food choices that contribute to a healthy diet. It includes a new approach to the percent daily value, a general guide to calories and help with added sugars.

- **Power of Choice** – materials for an after-school educational program to guide pre-teens towards a healthier lifestyle by engaging them in skill-based activities that lead to smarter food and physical activity choices in real-life settings.

These two new program resources can be accessed by clicking the “Program Resources” link on the SNP website at: [http://www.dhs.state.tx.us/programs/snp/index.html](http://www.dhs.state.tx.us/programs/snp/index.html)
