Date: May 1, 2007        Reference: # SFSP 2007-9

To: Summer Food Service Program (SFSP) Contractors
Subject: Migrant Site Eligibility Determination in the SFSP

Purpose
This Notice is to clarify that migrant sites participating in the SFSP are considered area eligible sites falling under the category of open, or restricted open sites.

Procedure
Although the eligibility of migrant sites is conditioned upon a determination that the site predominantly serves the children of migrant workers, the site is not considered an enrolled site.

Area eligible sites, unlike enrolled sites, may participate in the SFSP for the duration of the Program Year (PY) for which their eligibility has been established without further or additional determination.

Open and open restricted sites determined to be eligible based on information from migrant organizations are subject to annual redetermination.

Authority
United State Department of Agriculture Correspondence, 2007-SFSP, Migrant Site Eligibility Determination in SFSP.
