For CEs located more than 100 miles from the ideal city, a 40 case minimum charge is applied to subsequent orders/deliveries within a month. There is no case minimum for CEs located within 100 miles from the ideal city. The ideal city for Region 7 is El Paso.

### Private Storage

Private storage fees will kick in on the 46<sup>th</sup> day after an allocation. To view the private storage rates for EPFH please visit the website linked above.

### Invoices

The invoicing feature in TX-UNPS will no longer be used and contractors are now responsible for invoicing out of their own systems. TDA will monitor invoicing on a quarterly basis to ensure that CEs are being charged appropriately.

### Order Cut Off Times

All orders must be entered at least 72 hours before the delivery date. The deadline was changed from 48 to 72 hours to allow the warehouse enough time to process and pull orders.
