# Ordering Updates

# Ordering Updates

## **School Year 2024**

- TDA has applied the yearly weighted average cost adjustment of further processed USDA Foods and Farm to RAs beginning mid-July 2024 to close out PY2024.
- RAs can now utilize WBSCM or TX-UNPS to validate initial Planned Assistance Level and compare against value of commodities receive to reconcile school year.
- DoD PY24 has been reconciled in FFAVORS.

# Ordering Updates

## **School Year 2025**

- Round #2 Ordering of Direct Delivery USDA Foods is completed. RAs can access WBSCM to generate a Requisition Status Report to update their records.
- Gold Star Foods has completed redistributing unclaimed cases from PY2024 to offset some truckloads requested for PY2025.
- Schools can validate redistribution of state account pounds and final allocations for school year in tracking systems.

# Inventory Updates

# Inventory Updates

## School Year 2024

- SY24 Annual Inventory Physical Inventory Counts have been completed for all FDP Regions. Warehouses will be reaching out to provide credit and/or in-kind replacement inventory following their Private Storage Losses.

## School Year 2025

- Please attend your new warehouse inventory system training as they are being announced by respective State Contracted Warehouse. Your State Contracted Warehouse inventory system will be the inventory system used for SY25, so it is highly important you attend training and ask your questions directly with their staff.
- Ensure you are organizing your current storage space to make room for your SY25 USDA Foods and monitor your inventory in conjunction with your menu planning. If you have any questions regarding your menus and/or inventory, contact your Education Service Center representative.
- Reminder, keep your USDA Foods inventory levels less than 6MOH to maintain compliance with the NSLP for SY25.
