TX ELMS

Direct Certification/Direct Verification

**CEs are required to log into TX ELMS on a monthly basis.
New Direct Certification lists are available on the 5th of each month.**

ARM, Section 4, Page 51

Direct Certification for SNAP TANF, Medicaid Free, and Medicaid Reduced Eligibility

All CEs regardless of their size are required to use the direct certification component⁸⁶ in Texas-ELMS. In essence, direct certification is the identification of categorically eligible students through means other than getting information from the household.

When CEs use Texas-ELMS they must retain the results of those efforts to demonstrate the accuracy of eligibility determinations. These records may be printed copies of the matched list or electronic files.⁸⁷

The Direct Certification component of Texas-ELMS provides (1) a state-level automated data matching list by CE and (2) a method for CEs to match student records that are not pre-matched.⁸⁸ CEs are expected to conduct DC matching

1. before school begins to identify households with students that are eligible for free meals without an application,
2. once a month when school is in session, and
3. with new student enrollment when appropriate.
