

TEXAS DEPARTMENT OF AGRICULTURE
COMMISSIONER SID MILLER

December 28, 2020

Dear Members of the Texas Legislature:

Thank you for the opportunity to present this report on Texas schools' participation in the Seamless Summer Option (SSO) or the Summer Food Service Program (SFSP). Through the Summer Meal Programs, Texas strategically utilizes federal resources to connect Texas children in need with healthy meals during the summer months. As required by Senate Bill 89, passed by the 82nd Texas Legislature, the enclosed report presents a detailed assessment of school district participation in SSO or SFSP.

The Texas Department of Agriculture (TDA) is proud to partner with Texas schools to ensure our children have access to nutritious meals during the summer. TDA works to promote the programs, support operators, and administer effective regulatory oversight. It is my hope that by providing the information in this report, we will be able to continue this effort and identify new opportunities to support school nutrition professionals to provide summer meals to children across the state of Texas.

Sincerely,

Angela Olige
Assistant Commissioner
Food and Nutrition

AO/BGS/JG

Executive Summary

Texas Agriculture Code Sec. 12.0029 mandates that public school districts must participate in a federally funded Summer Meals Program or request a waiver if 50 percent or more of their students are eligible to receive free or reduced-price meals in the National School Lunch Program (NSLP). In 2019, 761 school districts were identified as mandated and 67 percent of those schools offered the Summer Food Service Program (SFSP) or the Seamless Summer Option (SSO); the latter streamlines the summer meals process for schools already operating NSLP. In 2020, 771 school districts were identified as mandated, of which 68 percent offered SFSP or SSO.

Increasingly, school districts are facing challenges in their efforts to offer a Summer Meals Program. Many schools struggle to maintain participation levels to avoid operating at a deficit. Budget shortfalls are most often resolved with funding from the school food service account, if available, or school district general revenue. The number of districts seeking waivers in lieu of offering summer meals rose from 201 in 2013 (the first year TDA submitted data) to 242 in 2018; however, this number appears to have plateaued with 250 and 246 waivers granted in 2019 and 2020, respectively. According to waiver requests, a transportation barrier continues to be the most common obstacle keeping school districts from participating. Transportation concerns were cited in 74 percent of the waiver requests submitted in 2019 and 76 percent in 2020.

Charge

In 2011, the 82nd Texas Legislature passed Senate Bill 89, directing the Texas Department of Agriculture (TDA) to submit a biennial report regarding school district participation the Summer Meal Programs. This requirement replaced Texas Human Resources Code, §33.024 with Texas Agriculture Code, §12.0029 under the heading SUMMER NUTRITION PROGRAM, which stated as follows:

(j) Not later than December 31 of each even-numbered year, the department shall provide to the legislature by e-mail a report that, for each year of the biennium:

(1) states the name of each school district that receives a notice under Subsection (c) and indicates whether the district:

- (A) has provided or arranged for the provision of a summer nutrition program; or
- (B) has not provided or arranged for the provision of a program and did not receive a waiver;

(2) identifies the funds, other than federal funds, used by school districts and the state in complying with this section; and

(3) identifies the total amount of any profit made or loss incurred through summer nutrition programs under this section.

(k) The department shall post and maintain on the department's Internet website the most recent report required by Subsection (j).

Background

In 1993, the 73rd Texas Legislature passed Texas Senate Bill 714 which amended Chapter 33 of the Human Resources Code by adding Section 33.024, Summer Food Service Program (SFSP). The amendment required school districts with 60 percent or more of their children eligible for free or reduced-price meals in the National School Lunch Program (NSLP) to participate in SFSP by the

summer of 1997. School districts could be granted waivers from participation annually if certain conditions stipulated in the legislation applied.

In 2011, the 82nd Texas Legislature passed Senate Bill 89 requiring public school districts in which 50 percent or more of the enrolled students are eligible to receive free or reduced-price meals in the NSLP to participate in SFSP or SSO or request a waiver from participation. This requirement replaced Texas Human Resources Code, §33.024 with Title 2 of the Texas Agriculture Code, §12.0029.

Participation

In 2019, a total of 761 school districts were subject to the requirements of Texas Agriculture Code, §12.0029 because at least 50 percent of enrolled students were eligible for free or reduced-price meals in the NSLP. Of those 761 school districts, 510 participated in either SSO or SFSP. In 2020, a total of 771 school districts were subject to the same requirements of Texas Agriculture Code, §12.0029. Of those 771 school districts, 522 participated in either SSO or SFSP.

Mandated school districts are required to work with TDA to remove barriers to participation, locate alternate sponsors and process waiver requests. As the following tables shows. in fiscal years 2019, all mandated school districts participated in SFSP or SSO or received a waiver from program participation; in 2020, all mandated schools except for Mumford ISD Waller ISD participated or received a waiver.

The following table provides a comparative overview of the participation waivers requested and granted for 2019 and 2020. Note that Winfield ISD and Roxtton ISD no longer contract with TDA to participate in the NSLP and are not mandated to offer SFSP or SSO as indicated in the table.

	2019 Number of Districts and Charter Schools	2019 Percentage of Total Mandated Schools	2020 Number of Districts and Charter Schools	2020 Percentage of Total Mandated Schools
Participated or Arranged for SNP Program	510	67%	522	68%
Waiver Granted	250	33%	246	32%
<i>School District Self Cancelled</i> <i>*2019 - Winfield ISD</i> <i>*2020-Roxton ISD</i>	1		1	0.01%
<i>Waiver Denied/School District did not participate</i> <i>*2020 Mumford ISD</i> <i>*2020 Waller ISD</i>			2	0.01%
Total	761	100%	771	100%

Waivers

School districts were granted waivers for the following reasons:

- Enrollment includes fewer than 100 children.
- The cost of transportation is an insurmountable financial obstacle.
- School buildings or cafeterias are under renovation or construction.
- An alternate provider already sponsors a Summer Meals Program in the area, or TDA accepted that there were other extenuating circumstances.
- The school food authority is unable to operate a summer nutrition program because the projected operational expenses for the Summer Meals Program exceed the expected federal reimbursements plus one month of the school food services' three months operating expenses on hand.

Attached are four appendices:

- Participants – list of school districts mandated to participate in a Summer Meals Program that either participated or were granted a waiver for fiscal year 2019 (Appendix A) and fiscal year 2020 (Appendix C).
- Costs – list of those school districts mandated to participate in a Summer Meals Program and identified the total amount of any profit made or loss incurred through summer nutrition programs in fiscal year 2019 (Appendix B) and fiscal year 2020 (Appendix D)

The following table provides a comparative overview of the participation waivers requested and granted for 2019 and 2020:

<i>Reason for Waiver</i>	2019 Number Granted	2019 Percentage of Total Waivers	2020 Number Granted	2020 Percentage of Total Waivers
Fewer than 100 Students Eligible	30	12%	34	14%
Transportation	185	74%	187	76%
Construction or Renovation	4	2%	3	1%
Extenuating Circumstances	18	7%	16	7%
Operating Expenses	13	5%	6	2%
Total	250	100%	246	100%

Costs

School districts that had 50 percent or more students eligible for free or reduced-price meals are asked to report to TDA the total cost of operating their Summer Meals Program once it has concluded, as well as report any other funds (other than federal funds) that were used to pay for the operation of a Summer Meals Program. From that self-reported information, TDA has deducted the amount of the federal reimbursements made for that year's program to create the lists of profit/loss, compared to federal funds received, incurred by the school districts and the state in order to comply with this section. TDA asks if other non-federal funds are used to operate the programs although the reporting by schools is inconsistent. Those district costs are reported in Appendix B (2019) and Appendix D (2020) for the districts that reported them. The most common scenario is that school nutrition programs utilize the non-profit school food service account to resolve deficits caused by operating a Summer Meal Program. If the school food service account is not sufficient, schools are required to eliminate the deficit and most commonly use district general funds. For questions about a specific school district or to confirm the most up-to-date information, please contact TDA, Food and Nutrition Division.

TDA did not incur costs above federal funds to comply with Texas Agriculture Code, §12.0029.
