

TEXAS DEPARTMENT OF AGRICULTURE  
COMMISSIONER SID MILLER

December 21, 2018

Dear Members of the Texas Legislature:

Thank you for the opportunity to present this report on Texas schools' participation in the Seamless Summer Option (SSO) or the Summer Food Service Program (SFSP). Through the Summer Meal Programs, Texas strategically utilizes federal resources to connect Texas children in need with healthy meals during the summer months. As required by Senate Bill 89, passed by the 82<sup>nd</sup> Texas Legislature, the enclosed report presents a detailed assessment of school district participation in SFSP or SSO.

The Texas Department of Agriculture (TDA) began administering these programs after they were transferred from the Texas Health and Human Services Commission in 2008. TDA continues to support and monitor SFSP and SSO to ensure they operate as intended. TDA provides school districts with resources and materials, such as marketing support and training, to help ensure the programs are functioning efficiently and effectively. TDA will continue working with school districts that are mandated to participate in a Summer Meals Program to ensure meals are served to students in need.

It is my hope that by providing this information, we will be able to identify opportunities to support school nutrition professionals to provide summer meals to children across the state of Texas.

Sincerely,

Jason Fearneyhough  
Deputy Commissioner

JF/JMP/jg

## **Executive Summary**

Texas Agriculture Code Sec. 12.0029 mandates that public school districts must participate in a federally funded Summer Meals Program or request a waiver if 50 percent or more of their students are eligible to receive free or reduced-price meals in the National School Lunch Program (NSLP). In 2017, 723 school districts were identified as mandated and 68 percent of those schools offered the Summer Food Service Program (SFSP) or the Seamless Summer Option (SSO); the latter streamlines the summer meals process for schools already operating NSLP. In 2018, 744 school districts were identified as mandated, of which 65 percent offered SFSP or SSO.

Increasingly, school districts are facing challenges in their efforts to offer a Summer Meals Program in accordance with the Texas law. The number of districts seeking waivers in lieu of offering summer meals has risen from 201 in 2013 to 242 in 2018. According to waiver requests, a transportation barrier is the most common obstacle keeping school districts from participating. Transportation concerns were cited in 38 percent of the waiver requests submitted in 2013 and 73.9 percent in 2018.

## Charge

In 2011, the 82<sup>nd</sup> Texas Legislature passed Senate Bill 89, directing the Texas Department of Agriculture (TDA) to submit a biennial report regarding school district participation the Summer Meal Programs. This requirement replaced Texas Human Resources Code, section §33.024 with Texas Agriculture Code, section §12.0029 under the heading SUMMER NUTRITION PROGRAM, which stated as follows:

(j) Not later than December 31 of each even-numbered year, the department shall provide to the legislature by e-mail a report that, for each year of the biennium:

(1) states the name of each school district that receives a notice under Subsection (c) and indicates whether the district:

(A) has provided or arranged for the provision of a summer nutrition program; or

(B) has not provided or arranged for the provision of a program and did not receive a waiver;

(2) identifies the funds, other than federal funds, used by school districts and the state in complying with this section; and

(3) identifies the total amount of any profit made or loss incurred through summer nutrition programs under this section.

(k) The department shall post and maintain on the department's Internet website the most recent report required by Subsection (j).

## Background

The 73<sup>rd</sup> Texas Legislature passed Texas Senate Bill 714 in 1993. The legislation amended Chapter 33 of the Human Resources Code by adding Section §33.024, Summer Food Service Program (SFSP). The amendment requires school districts with 60 percent or more of their children eligible for free or reduced-price meals in the National School Lunch Program (NSLP) to participate in SFSP by the summer of 1997. School districts could be granted waivers from participation annually if certain conditions stipulated in the legislation are applicable.

In 2011, the 82nd Texas Legislature passed Senate Bill 89 requiring public school districts with 50 percent or more of their students eligible to receive free or reduced-price meals in NSLP participate in SFSP or SSO or request a waiver from participation. Further regulations are codified in the Texas Administrative Code, Title 4, Part 1, Rule §25.612.

## Participation

In 2017, a total of 723 school districts were subject to the requirements of Texas Agriculture Code, Title 2. Department of Agriculture, Chapter 12. Powers and Duties, Section 12.0029. Summer Nutrition Programs due to having at least 50 percent of their students eligible for free or reduced meals. Of those 723 school districts, 487 participated in either SFSP or SSO.

In 2018, a total of 744 school districts were subject to the same requirements of Texas Agriculture Code, Title 2. Department of Agriculture, Chapter 12. Powers and Duties, Section 12.0029. Summer Nutrition Programs. Of those 744 school districts, 502 participated in either SFSP or SSO.

Mandated school districts are required to work with TDA to remove barriers to participation, locate alternate sponsors and process waiver requests. In both fiscal years 2017 and 2018, all mandated school districts participated in SFSP or SSO or received a waiver to program participation, as the following tables show.

*The following table provides a comparative overview of the participation waivers requested and granted for 2017 and 2018:*

	<b>2017 Number of Districts and Charter Schools</b>	<b>2017 Percentage of Total Mandated Schools</b>	<b>2018 Number of Districts and Charter Schools</b>	<b>2018 Percentage of Total Mandated Schools</b>
<b>Participated or Arranged for SNP Program</b>	487	67%	502	67%
<b>Waiver Granted</b>	236	33%	242	33%
<b>Total</b>	<b>723</b>	<b>100%</b>	<b>744</b>	<b>100%</b>

## Waivers

School districts were granted waivers for the following reasons:

- Enrollment includes fewer than 100 children.
- The cost of transportation is an insurmountable financial obstacle.
- School buildings or cafeterias are under renovation or construction.
- An alternate provider already sponsors a Summer Meals Program in the area, or the state agency accepted that there were other extenuating circumstances.
- The school food authority is unable to operate a summer nutrition program because the projected operational expenses for the Summer Meals Program exceed the expected federal reimbursements plus one month of the school food services' three months operating expenses on hand.

Attached are four appendices:

- Participants – list of school districts mandated to participate in a Summer Meals Program that either did participate or were granted a waiver for fiscal year 2017 (Appendix A) and fiscal year 2018 (Appendix C).
- Costs – list of those school districts mandated to participate in a Summer Meals Program and identified the total amount of any profit made or loss incurred through summer nutrition programs in fiscal year 2017 (Appendix B) and fiscal year 2018 (Appendix D)

*The following table provides a comparative overview of the participation waivers requested and granted for 2017 and 2018:*

<i>Reason for Waiver</i>	<b>2017 Number Granted</b>	<b>2017 Percentage of Total Waivers</b>	<b>2018 Number Granted</b>	<b>2018 Percentage of Total Waivers</b>
<b>Fewer than 100 Students Eligible</b>	35	15%	36	15%
<b>Transportation</b>	170	72%	179	74%
<b>Construction or Renovation</b>	6	2%	4	2%
<b>Extenuating Circumstances</b>	12	5.0%	12	5%
<b>Operating Expenses</b>	14	6%	11	4%
<b>Total</b>	<b>236</b>	<b>100%</b>	<b>242</b>	<b>100%</b>

## **Costs**

School districts that had 50 percent or more students eligible for free or reduced-price meals are asked to report to TDA the total cost of operating their Summer Meals Program once it has concluded, as well as report any other funds (other than federal funds) that were used to pay for the operation of a Summer Meals Program. From that self-reported information, TDA has deducted the amount of the federal reimbursements made for that year's program to create the lists of profit/loss, compared to federal funds received, incurred by the school districts and the state in order to comply with this section. Also reported are any other non-federal funds used to operate the programs. Those district costs are reported in Appendix B (2017) and Appendix D (2018) for the districts that reported them. TDA did not incur costs above federal funds to comply with Texas Agriculture Code, Title 2. Department of Agriculture, Chapter 12. Powers and Duties, Section 12.0029. Summer Nutrition Programs
